EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jacques L. Etkowicz on 1/31/08.

The application has been amended as follows:

- Page 3, Line 22: Please replace the word "manoeuvre" with the word --maneuver--.
- Page 4, Line 25: Please replace the word "Preferable," with --Preferably,--.
- Page 5, Line 38: Please replace the word "carious" with --various--.
- Claim 54: Please change the dependency of this claim from 38 to 39.
- Claim 57: Please change the dependency of this claim from 38 to 39.
- Claim 66: Please change the dependency of this claim from 38 to 39.

2. Claims 39-67 and 69-73 are allowed.

3. The following is an examiner's statement of reasons for allowance:

All the previously objected dependent claims have been re-written in independent form, rendering them allowable. Each objected dependent claim includes subject matter not found in an obvious combination in the prior art, such as the differential

processing as a function of the vehicle's speed or the specific coverage area as a function of the second sensor in relation to the first as seen in claims 42-44. These are considered unobvious when compared to the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
